

## INSURANCE INFORMATION FORM - 2017

The Presbytery of Geneva is doing an audit of the insurance coverage of the individual churches in the Presbytery. There are several purposes: (1) to determine the present status of insurance policies carried by the churches (2) to evaluate the coverage against property losses and liabilities (3) to be better prepared to give guidance on insurance coverage questions and policies by our individual sessions (4) to ascertain the need for a new group policy for the Presbytery.

Please provide the following information on your insurance coverage. If there is no coverage in a category, please note. We ask that it be completed and returned by January 31, 2017. A copy of your insurance policy summary or cover page would be helpful in understanding your insurance status.
