

## **Committee on Representation (COR) Report November 2023**

COR continues in conversation with many in our Presbytery as we continue discerning who God is calling to serve in what way in our Presbytery. We are excited for all those we've been able to connect with, excited for how God has been moving & preparing people when it has been time to say "yes" to serving in one way or another -- and we are excited for those who have discerned not just yet as the time to serve.

And, as we continue reaching out & connecting with people, we so appreciate those who are also thinking of people who might be called to serve in this season. To that end (when this report was written/submitted) we stand in need of those who are open & willing to serve our Presbytery on the Committee on Ministry, and as Treasurer. There might be some other opportunities as well -- so y'all will need to listen to our live report!

We thank everyone who is & has shared their gifts with our Presbytery. We pray that each of y'all are blessed as you serve -- because we know there are blessings to be found in serving!
